

Krones Contiform C2

**Pilot valve for P1 or P2**

V3E01NOA

### 1. Description

Pilot valve for P1 or P2.

Replace original part #VSP152130 (also marked 59.70063).

One-to-one replacement.

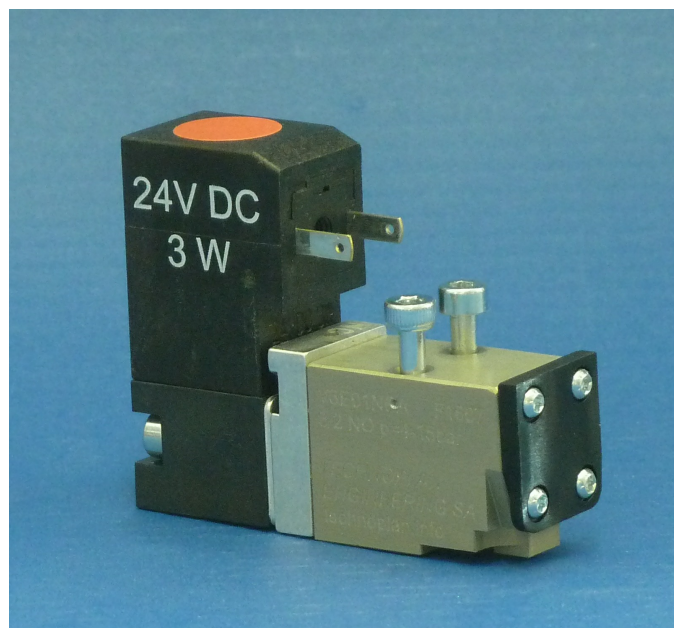

### 2. Included

- Valve
- Screws, seals

### 3. Advantages

- + **Easy replacement**
- + **Swiss quality**
- + **Original Technoplan Engineering spare parts**

### 4. Picture

## 5. Technical Data

Reference	V3E01NOA
Function	3/2 NO valve (normally open)
Pneumatic interface	DN = 3.5, interface with integrated sealing
Pilot valve	24V DC, 3 W, IP 65
Pressure range	4 ... 15 bar
Materials	Body : Aluminium coated
Sealing	PUR, POM
Medium	Compressed air according to ISO8573.1 - particles : Quality 2 - pressure dew point : Quality 4 - oil content : Quality 2
Operating temperature	+5° ... +50° C
Response time : ON	8±2 ms (elect. signal to 10% pressure increase)
Response time : OFF	8±2 ms (elect. signal to 90% pressure decrease)
Net-Weight	0.063 kg

## 6. Dimensions (mm)
